

Summit Ambassador Program Suggested Activity Checklist

Awareness. Advocacy. Adventure.

This checklist helps Ambassadors track promotion opportunities throughout the year. While this checklist contains many ideas that we hope you will find helpful, there are likely many events and programs not listed here at which Summit representation would be appropriate. You're asked to participate in at least three events per year, and you're welcome to do more!

Newsletter updates post to the Ambassador Resources page each January, March, May, June, July, September, and November. Submit an Event Attendance Report/Request beforehand and an After-Action Report afterward, both available at www.summitbsa.org/ambassadors.
